

Important Info {be prepared for Teleflora's Mother's Day promotion}

On April 30th, Teleflora will be featured in a Mother's Day gifting segment on a popular national website. The promotion will introduce millions of consumers to Teleflora's "local florist", hand-arranged, hand-delivered difference and will generate thousands of orders for our member florists early in the holiday.

The promotion will feature a special offer on two NEW and EXCLUSIVE bouquets on Teleflora.com. This special offer will be 100% covered by Teleflora, regardless of the website's special pricing; the orders you receive will be at the full fulfillment price including delivery.
